Professional Experience

Michigan Department of Insurance and Financial Services

Financial Institution Examiner

Lansing, MI

12/21 – Present

- Conduct in-depth analysis of financial performance, operational risks, and balance sheet trends for state-chartered banks, ranging from small community banks to complex multi-branch institutions
- Deliver comprehensive, professional assessments of examination findings, synthesizing key insights to inform team decision-making and regulatory recommendations
- Lead strategic discussions with bank management to address critical examination concerns and promote compliance improvements

Board of Governors of the Federal Reserve System

Banking, Credit and Operational Risk Intern

Washington, DC

08/21 – 12/21

- Selected to continue part-time work beyond initial summer internship timeline; extended through remainder of undergraduate education upon supervisor request
- Constructed network maps using causal graphing methods and liquidity data to provide visual summary insights
- Evaluated partner platforms and utilized SQL to extract market data for economic research

Banking, Credit and Operational Risk Summer Intern

05/21 – 08/21

- Developed and deployed an interactive R-Shiny web app, enhancing Federal Reserve Analysts' supervision of systemically important banking entities
- Delivered a compelling R-Shiny case study to the Policy Analytics group, catalyzing wider adoption of the technology within the Division of Supervision and Regulation
- Strengthened finance and data literacy through targeted workshops and events hosted by the Federal Reserve Board of Governors

Jackson National Life Insurance Company

Strategic Support Associate

East Lansing, MI

11/20 – 05/21

- Designed a process to generate weekly and monthly reports for escalated IT tickets
- Performed analysis on the timeliness and effectiveness of IT solutions
- Supported overall operations by completing daily work for the broker management business unit
